EDUCATION

KAIST, Daejeon, Korea
- Ph.D. in Industrial Design (Human-Computer Interaction) Sep 2025 – Aug 2029 (expected)
  - Advisor: Prof. Andrea Bianchi
- M.Sc. in Industrial Design (Human-Computer Interaction) Aug 2023 – Aug 2025
  - Thesis: Supporting Designers to Create Environmentally Responsible XR UIs
  - Advisor: Prof. Andrea Bianchi

Kookmin University, Seoul, Korea
- B.F.A. in Spatial Design, Minor in Software Mar 2018 – Aug 2023

Northeastern Illinois University, Chicago, Illinois, U.S.A.
- International Student Exchange Program in Art + Design Aug 2021 – Dec 2021

MANUSCRIPTS UNDER REVIEW
- Second author: attention-aware code reading support with personalized feedback grounded in expert gaze and code complexity.
- Co-author: contact-adaptive haptic interface with co-located thermal and vibrotactile feedback from a single gel membrane.

PATENTS
- Andrea Bianchi, Jungwoo Rhee, Punn Lertjaturaphat, and Jaewon You, "System and Method for Supporting Circuit Prototyping Based on Circuit Design Information," Korean Patent Application No. 10-2026-0156356.

RESEARCH EXPERIENCES

KAIST, Daejeon, Korea
- Graduate Researcher, make lab Aug 2023 – Now
  - Supervisor: Prof. Andrea Bianchi.
  - Topics: situated reference in multimodal interaction, context-aware AI support for physical computing, and environmen-

tally adaptive XR interfaces (see publications [7], [6], and [5]).

PROJECTS & GRANTS

- Development and User Evaluation of a Sensory Substitution-Based Interface for Reducing Cognitive Load in Spatial Cognition — Jul 2026 – Now
  - Funded by the Electronics and Telecommunications Research Institute (ETRI).
- Development of a Multi-AI Agent for Autonomous Decision-Making Specialized in the Tofu Coagulation Process — Jun 2026 – Now
  - Funded by the Korea Technology and Information Promotion Agency for SMEs (TIPA).
  - Role: Project lead.
- XR-Based Walking Assistance System: User Testing and Design Workshop — Dec 2025 – Feb 2026
  - Funded by the Electronics and Telecommunications Research Institute (ETRI).
- Soma Design Interaction With Soft Haptics — Nov 2024 – Now
  - Funded by the National Research Foundation of Korea (NRF).
- SpaceTop: Spatial Computing HCI Technology for Everywhere XR Productivity Workstation — Aug 2024 – Now
  - Funded by the Institute of Information & Communications Technology Planning & Evaluation (IITP), ITRC program; 8-year national R&D project.
  - Role: Project lead for the 2nd and 3rd project years.
  - Research on how XR systems can support everyday professional work beyond fixed-place desktop environments.
- Listening Through the Body: Combining Visual, Auditory, and Haptic Interaction While Designing a Concert Space for VR — Jun 2024 – Now
  - Funded by the National Research Foundation of Korea (NRF).
  - Led first-year user experience research and prototype operations for a virtual concert environment; co-organized the NRF-ASPIRE Workshop 2026.
- 3D-Printed Thermoplastic Volumetric Displays With Pixel-Level Control — Jun 2024 – Dec 2024
  - Funded by KAIST (internal research program).
- NH Investment & Securities – KAIST UX Design Research Center — Jan 2024 – Mar 2025
  - Funded by NH Investment & Securities Co., Ltd.
  - Project manager for *Challenge AI for Reflective Investment Decisions*: designing AI agents that help investors reflect before high-stakes financial decisions.
  - Analyzed 40 financial AI services, coordinated a multi-stakeholder design workshop, and evaluated 12 prototypes of challenge-based AI interventions.
- Center for Anthropocene Studies (CAS) — Oct 2023 – Apr 2024
  - Funded by the National Research Foundation of Korea (NRF).
- AutoPalp: Device for Remote Abdominal Examination — Sep 2023 – Feb 2024
  - Funded by the Korea University Medical Center.

HONORS & AWARDS

- ACM CHI 2026 – Honorable Mention Award. — Apr 2026
  - Awarded to the top 5% of papers, for *Wire Your Way* (publication [6]).
- Industrial Designers Society of America (IDSA) – Finalist, International Design Excellence Awards (IDEA), Professional Category. — Aug 2025
  - Project: AIRCUBE.
- Ministry of Education, Republic of Korea – Ministry of Education Prize. — Aug 2024
  - Promising Student Start-up Team 300+, Value-Up Track.
- Seoul Metropolitan Government – Grand Prize, Seoul Open Data Square Mobile App/Web Contest. — Jun 2023
- Kookmin University – School of Design Scholarship. — Mar 2022
  - 50% departmental tuition scholarship for one year.

ACADEMIC SERVICE

- Program Committee.
  - Associate Chair, ACM DIS 2027 (Artifacts & Systems subcommittee).
- Paper Reviewing.
  - ACM CHI 2027.
  - ACM IMWUT 2026.
  - ACM DIS 2026.
  - PACM HCI (ISS) 2026.
  - ACM VRST 2026.
  - ACM SUI 2026.
- Organization and Volunteering.
  - Co-organizer and Web Chair, NRF-ASPIRE Workshop 2026: Listening Through the Body, Sep 2026.
  - Assistant to the Program Chairs, ACM UIST 2025.
  - Student Volunteer, ACM UIST 2025.
  - Student Volunteer, ACM CHI 2025.

TEACHING

- Teaching Assistant for Software Prototyping (KAIST) — Spring 2025, Spring 2026
- Teaching Assistant for Designing Interactions with AI (KAIST) — Fall 2025

- Teaching Assistant for Korean 2 (KAIST) — Fall 2024
  - School of Digital Humanities and Computational Social Sciences; supported international students learning Korean.
- Teaching Assistant for Graphic Design (KAIST) — Spring 2024
- Teaching Assistant for Interactive Space (KAIST) — Fall 2023

INDUSTRY EXPERIENCE

- Product Designer, Fliption Inc. — Apr 2025 – Jul 2025
  - Designed the end-to-end user-side experience, interaction flows, and interface concepts for an AI-powered virtual try-on platform.
- Design Tutor, Litas Corp. — Mar 2022 – Aug 2023
  - Taught design principles, portfolio development, and visual communication to 200+ high school and undergraduate students.
- Web Design Intern, Cherish Co., Ltd. — Dec 2020 – Feb 2021
- Signage Design Research Intern, Bluestone Cooperation — May 2019 – Aug 2019
- Content Design Intern, Interstella Inc. — Jun 2018 – Aug 2018
